

Rules of Engagement

As there are many participants, we propose a protocol be adopted.

Please

1. Press the "Raise Hand" icon if you want to say something and WAIT until you are asked to speak.
2. Mute your microphone when you are not actually speaking.

We will take the Agenda in order and contrary to the usual practice not require any proposers or seconders for resolutions. Decisions will be taken as assent for enabling the "Raise Hands" icon. Not enabling the "Raise Hands" icon will be recorded as dissent.
